We conducted a management review of the Idaho Commission for Libraries covering the fiscal years ended June 30, 2007, 2008, and 2009. Our review covered general administrative procedures and accounting controls to determine that activities are properly recorded and reported.

The intent of this review was not to express an opinion, but to provide general assurance on internal controls and to raise the awareness of management and others of any conditions and control weaknesses that may exist and offer recommendations for improvement.

CONCLUSION

We did not identify any significant conditions or weaknesses in the general administrative and accounting controls of the Commission.
